

ENHANCING THE FUTURE PROSPECTS OF MILITARY VETERANS

Do you support veterans in the community?

Want to find out how the veterans you support can experience a transformational development programme that will fundamentally change their outlook and their future?

Future For Heroes is a FREE residential course built around four main parts: Finding out about yourself, Planning your life, Finding a purpose & setting objectives, Making a personal commitment to the future.

You are invited to find out more about using the Future For Heroes programme to support your veterans to accelerate their progress of re-integrating into civilian life.

You will hear from veterans who have benefited from the programme, workers who have seen the impact of the learning taken from the programme, and experience some of the activities that make this programme unique.

This event is free to workers and managers of organisations dedicated to supporting veterans.

For more info and to book contact: g.brown@f4h.org.uk

Friday 16th June 10.30am - 4.00pm
Brathay Hall, Ambleside LA22 0HP
